

Received by Chief Ship Surveyor

Received from Chief Ship Surveyor

VESSEL'S NAME *Stl Ls Sn* "DEARNE"

Rpt.

*Bw*

No.

*2081*

The remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.

("The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement."—Extract from Sub-Committee's Report, 24/5/02.)

## Nature of Survey

It is submitted before this case receives the consideration of the Committee the plans should be returned to the Surveyor who should be requested to amend same to agree with vessel as built, or to forward plans of the vessel as built, and this should be done in all future cases. The Surveyor should also be requested to state whether they are correct in reporting the spacing of the rivets in the shell butts as being  $\frac{3}{4}$  - 3" spacing, also whether the riveting of the butts of the upper deck plate in wells is in accordance with the Rules.
