 17 Battery Place,  
 New York City

Dear Sir:-

In reply to your letter of the 22nd instant,  
 with reference to Report #92, on Steamer "City of Omaha",  
 I beg to state that all bulkheads are constructed in  
 accordance with approved plans.

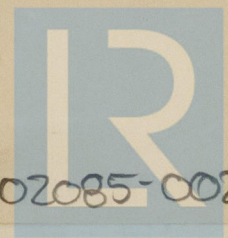

Watertight bulkheads which extend to Shelter  
 Deck are Fore and After Peak Bulkheads, Engine Room and  
 Boiler Room Bulkheads. Two in Forward Hold and one in  
 Aft Hold making in all seven complete bulkheads extending  
 to shelter deck. See scantling Plan H598.

Very truly yours,

  
 Surveyor
