INTERNATIONAL CONVENTION 1930 RESPECTING
LOAD LINES.

RENEWAL SURVEY IN ACCORDANCE WITH
ART. 14 OF THE CONVENTION.

(Port) STOCKHOLM.

(Date) 15th February, 1938.

I have to report that I have surveyed the Steel Sc.

s.s. "IMMO RAGNAR", of Lovisa, O.N. 374

on this date.

I have compared the arrangements on board the ship with those given in the original freeboard report and I have found them to be in agreement therewith or equivalent thereto, and the whole to be in efficient condition.

This survey was carried out whilst the vessel was lying afloat at Messrs. A.-B. Finnboda Varf for Completion of Special Survey No.2. The vessel assigned the notations of ssCff2ndNo.3-9.29 and 3rd No.3 and 20B. ssKelNo.1-33 in the Register Book.

The freeboard marking has been verified and found to agree with the freeboards given on certificate No. - dated 27th Aug. 1936, which will be returned in due course. ~~is examined here with~~
