Lloyd's Register of Shipping,

71, Fenchurch Street, E.C.3.

ENCLOSURES.

30th July, 1936.

Dear Sir,

With reference to the refrigerating machinery intended for the s.s. "MASULA", I think it well to acquaint you that the machine has already been surveyed by the Society's Surveyors at the works of Messrs. J. & E. Hall Ltd., Dartford, and I shall be obliged if you will kindly forward for consideration plans, in triplicate, of the proposed insulation.

It is concluded that these plans will also relate to the cases of the s.s. "MUNDRA" and "NIRVANA", but perhaps you will be good enough to confirm this.

The usual survey request forms are enclosed herewith and I shall be glad if you will kindly complete the same and return them to this Office.

I am, Dear Sir,

Yours faithfully,

Secretary.

The Secretary,
British India Steam Navigation Co. Ltd.,
122 Leadenhall Street,
E.C.
