Dear Sir,

M.V. "CLYDEFIELD"

We have to acknowledge receipt of your esteemed favour of the 2nd instant returning the plan duly approved shewing additional freeing port area in the above vessel in order to comply with the requirements under the terms of the International Load Line Convention.

The small openings 1'3" square at the poop and bridge fronts are freeing port areas and not mooring pipes.

The approved plan has been forwarded to the owners for their information and guidance.

Thanking you for your attention,

We are, dear Sir,

Yours faithfully,

Curchin Watson
