Lloyd's Register of Shipping.

Port of SWANSEA.

7th October, 1943.

This is to Certify that

A. REID

the undersigned Surveyor to this Society did at the request of the Owners' Representative attend on board the s.s. "SCHELDE", 359 tons gross of Rotterdam as she lay afloat and in drydock in Swansea, on the 25th September, 1943 and subsequently, for the purpose of carrying out a GENERAL EXAMINATION in lieu of SPECIAL SURVEY, and ascertaining the condition of the vessel with a view to renewal of the Load Line Certificate.

The General Examination has been completed and repairs as found necessary for maintenance of sea-worthiness are being carried out with a view to vessel retaining her class, and receiving the notation "Examined 10,43 for a period of twelve months."

The condition of this vessel having been found good, it is recommended a new Load Line Certificate be issued and made valid until the 30th June, 1948.

A. Reid

Surveyor to Lloyd's Register...

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:—
"While the Committees of the Society use their best endeavours to ensure that the functions of the Society are properly performed, it is to be understood that neither the Society nor any Member of any of its Committees is under any circumstances to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error of judgment, default or negligence of any of its Committees or any Member thereof, or the Surveyors, or other Officers or Agents of the Society."
