The Great Lakes Engineering Works, Detroit,
Mich. survey the Steel Ship - Steamer
"P. N. No. 15" of 2639 tons gross,
during the course of construction at their
works that I have recommended to the
Committee of Lloyd's Register of Shipping
a report stating that the vessel has been
built in accordance with the approved
plans and Rules of the Society and that
I have recommended that she be allowed
to 100 A.1. with a load of 10,000 tons, the
Lloyd's Register being fitted to
carry any and reasonable cargoes.
