

Steel Screw Steamer No.220 proposed to be built by Messrs.
William Dobson & Co., with a view to class 100A1 "Shelter
deck with freeboard".

Rule Dimensions: 230 x 34.83 x 17 to upper deck
24 to shelter deck

Scantling Numbers: 51.83 & 11921

Proportions: Length = 9.58 depths to shelter deck.

Plans of midship section, profile, panting arrangements and
rudder submitted by the Builders direct.

This vessel is of the shelter deck type and is fitted
with a tonnage opening aft, and is a sister ship to the same
Builders' No.189 (S.S."CUIRASSIER").

It is submitted that provided

Compliance

the vessel will be worthy to be classed 100A1 "Shelter deck",
subject to the freeboards to be assigned by the Committee,
the same to be marked on the vessel's sides, inserted in the
certificate of classification and recorded in the Register Book.

A plan of the strengthening of the bottom forward
should be forwarded for consideration.

The Surveyors should be requested to obtain from the
Builders, ^{forward} verified copies of the approved plans for record in
this Office.

*As the particulars supplied are
the same as the "Cuirassier"
similar freeboards could
be assigned.*
