

WOKINGHAM COPY.

27th July 1944

Dear Sir,

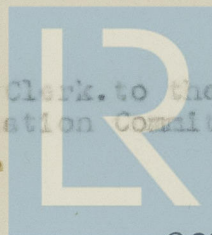

F. With reference to your letter of the 17th instant respecting the "LADY CONNAUGHT" I have to acquaint you I am advised by the Society's Surveyors at Southampton that they have examined the Load Line Certificate and found that the new tonnages were inserted on the 9th May last by one of the Society's Surveyors at Glasgow.

The matter is therefore in order and I shall be glad if you will advise the Owners accordingly.

I am, Dear Sirs,
Yours faithfully,

pro Clerk to the
Classification Committee.

The Secretary,
