Dear Sir,

Motor vessel "LISBETH M"

We are in receipt of your letter of the 18th instant and confirm our telephone request that we would like a copy of the report prepared by the battery manufacturers, together with the report of the discussion between Messrs. A.de Hoop and your Rotterdam Surveyors.

We think there is some radical misunderstanding of the report as outlined in your letter. The repaired batteries are now at Hull, at which port they will be fitted. Meantime, if your Electrical Surveyor at that port will get in touch with our Superintendent, Mr. Sheffield, we could give him the details of our proposals for the installation of these batteries.

Yours faithfully,
For:-
