Reference

m.v. "LISBETH M"

Dear Sir,

We have had a communication from Mr. Sheffield Owners Superintendent to the effect that the batteries for the above vessel will be re-installed at this port in about three weeks time.

We were also informed that a battery explosion had occurred at Shoreham and that there has been correspondence with Messrs. A.D. Hoop of Rotterdam on the method of installing the cells.

We should therefore be glad to receive copies of reports or relevant correspondence on this case.

Yours faithfully,
The Surveyors,
