Dear Sir,

"LISBETH M" - Reference "S"

We thank you for your letter dated 30th January. We are very concerned at the explosion which occurred in the accumulator compartment. The accumulators have been sent to the makers in Germany for examination and repair. We expect them to be returned shortly, together with the makers' suggestions for avoiding a recurrence.

We shall be very pleased for the co-operation of one of the Society's electrical engineer surveyors when re-installing the batteries.

Yours faithfully,
For:-
