Dear Sir,

ence:

sn.(S).

"LISBETH M" Rotterdam Report No. 37158.

In reply to your classing letter dated 19th January, 1954 I beg to inform you that

- 1) the length of the forecastle is 31' indeed.
- 2) the bracket floors at middleline and at margin plate are 8 and 7,5 mm. respectively, as given in the report. On the "as built" midship section the thicknesses have been mistaken one for the other.
- 3) About the composition "Ferbite" particulars will be forwarded in due course.

I apologize for the errors made, and remain,

Yours faithfully,

The Secretary,
LONDON.
