Lloyd's Register of Shipping.

Port

BOMBAY.

3rd OCTOBER 1942.

This is to Certify that I have

Surveyed the Boilers and Machinery of the Steel Twin Screw
steamer "LEONARDO DA VINCI" 7515 tons gross of Mombasa

and that I have transmitted to the Committee of Lloyd's
Register of Shipping, London, a Report stating that all
recommendations made by me in connection therewith have
been carried out to my satisfaction, and that I have
Recommended that the records of "Examined - Bom. 9. '42 for
voyage to repair port " and T.S.- 7.42

assigned

made in the Register Book in the case of this vessel subject

all main turbines being re-bladed and overhauled, to automatic
regulators being fitted to all 4 water tube boilers, to the
auxiliary boilers being retubed and their safety valve chests
renewed, and to the remaining electric wiring etc. being tested
and made good.

A. Southwell

Engineer Surveyor to Lloyd's Register.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:—
The Committee use their best endeavours to ensure that the functions of the Society are properly
performed and it is to be understood that neither the Committee nor the Society are under any circumstances whatever
responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in
the Register Book or other publication of the Society, or for any error of judgment, default, or
omission of the Committee or any Member thereof, or the Surveyors, or other Officers or Agents of the Society."
