

to be addressed to
SURVEYORS.

Lloyd's Register of Shipping,

RECEIVED

55, Fawcett Street,

5 APR 1947

Sunderland,

3rd April, 1947.

Dear Sir,

ANSD.....

9/4

M.V. "ARMILLIA" ex "HELIX".
ELECTRICAL PLANS.

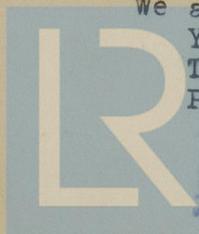

The above electrical installation is undergoing extensive refit by The Sunderland Forge & Engineering Co., Ltd. who have received the Owners' instructions to now restore the installation to that originally fitted by the Builders.

We are informed by The Sunderland Forge & Engineering Co. that Messrs. Hawthorn Leslie & Co. Ltd., the Builders, find the original plans have been destroyed and the Contractors are desirous of borrowing the London copies of the Electrical layout in order that tracings may be made, and promise to return any loaned plans as quickly as possible.

We should be glad if any such records could be forwarded to this office for the purpose mentioned.

We are, Dear Sir,
Yours faithfully,
THE SURVEYORS,
PER:

The Secretary,
LONDON.
