2, Enclosures.

11th March, 1932.

Dear Sirs,

I beg to acquaint you that it is understood from the Owners of the motor tanker "HELIX" that this vessel is expected to arrive at Dratetzona about the 19th instant, when they desire the necessary survey for Convention freeboards to be carried out.

I shall therefore be glad if you will give the case the necessary attention and forward full particulars on form C11, reporting particulars of the vessel as at present, in order that recommendations regarding compliance with the Convention requirements may be made from this Office.

For your guidance I am enclosing a form giving particulars extracted from the present freeboard report on this vessel, together with a typical Convention freeboard computation.

I am, Dear Sirs,

Yours faithfully,

The Surveyors,

PIRAEUS.
