s.s. "HALIOTIS", "HARPA", "HELIX", "ORTINASHELL"  
and "APOLLONIA".

---

"APOLLONIA". It is submitted the Trieste Surveyors be informed that this vessel is due to arrive at Trieste on the 9th March, and Owners desire her to be surveyed for Dutch Convention certificates. They should therefore forward full particulars on form C11, and particulars extracted from previous report should be sent for their guidance.

With reference to the steamers "HALIOTIS", "HARPA" "HELIX" and "ORTINASHELL", it is suggested that, if possible, arrangements should be made for the freeboard survey to be carried out at Trieste, and if they will state the date on which the vessels will be docked, the necessary instructions will be sent to the Society's Surveyors.
