REEBOARD REPORT on the

No. V. " Boschfontein "

It is submitted Mr Leeuwenburg of the Rotterdam Office be informed it is noted that an all-seasons freeboard of 1.37 m has now been assigned to this ship. A summer freeboard of 1.18 m, with the usual seasonal allowances, was provisionally computed in this office. Mr Leeuwenburg should, therefore, advise this office whether this difference in the freeboards is due to the passenger regulations or for some other reason.
