1st April, 1921.

Dear Mr. Hill,

I am much obliged for your letter of the 31st ultimo regarding the date of build of the Twin Screw Steamer "CAMERONIA" (Glasgow Report No. 40971).

The Surveyors drew the Builders' attention to the Rules in regard to the date of build and informed them that if they, or the Owners, wished the date to be recorded as 3.21 it would be necessary for them to send in a written application. The Builders, however, took no further action, and it is assumed that the date of build will be recorded in the Register Book in accordance with the Rules.

With kindest regards,

Yours faithfully,

*J. H. Warlow*
