

COPY.

8th June, 1923.

Dear Mr. Warlow,

I am much obliged to you for your letter of yesterday's date, returning the report on the refrigerating machinery of the steamer "FRANCONIA".

We are still awaiting a note from the Liverpool Office respecting the steering gear, but I have thought it well to drop a line to Mr. Clark to-day asking him to advise us immediately the matter is in order, so that we can issue the certificates.

At present we have no advice that the fees have been paid.

With kindest regards,

Yours faithfully,

P.L. Warlow, Esq.,
GLASGOW.

J.F.H.
