Enclosures.

Reference

Dear Sir,

I duly received your letter of the 23rd instant with its enclosures regarding the steering chains of the Caledon S.B. Co's Nos. 289 & 291, and have been in communication with the Society's Head Office on the subject.

In reply I am directed to state that as the chains are certified by the Makers to have been tested on their machine, they will be accepted in this instance.

The Builders should, however, be informed that in future cases certificates must be produced signed either by the Superintendents of Public Proving Houses or by one of the Society's Surveyors.

The certificates and Manufacturer's letter are returned herewith as desired.

I am, Dear Sir,

Yours faithfully,

J.E. Sellex, Esq.,

DUNDEE.
