1668 "MIRANDELLA". Classed 100 A1, with notations of Lloyd's A & CP, S.S. 2nd No. 3-5, 27, subject to the chain cables being examined and found or placed in order. Also assigned notation of LMC 5, 27.

I have to request you will be good enough to state what type of oil retaining gland is fitted at the aft end of the stern tube, and the date when the screw shaft was examined.

I have to thank you for your letter of the 6th August, and to say that the old G.L. Boiler Classification Book, containing boiler plan, is being returned to you to-day per Registered Post.

With reference to your letter of the 5th July I have to inform you that the plans advised in your letter of the 22nd October duly came to hand. The plans of midship section and profile were returned to you in my letter of the 29th October,
P.T.O.

and do not appear to have again been received at this Office.

If the plans cannot be found in your Office, perhaps you will kindly get in touch with the Society's Surveyors at Bilbao and ascertain whether the plans have been retained by them, as until the approved plans of the vessel are received a full Classification Certificate cannot be prepared.

I shall be glad if you will advise me immediately the fees are paid.
