Engineers: Messrs.

Engine No.

S.S. "ROTHER" (No. 82396 IN REG. BOOK.)

It is submitted *the Liverpool Surveyors be informed, as in the case of S.S. "DON", that before full consideration can be given to this case, particulars of the alterations to the CO₂ machinery should be forwarded together with the number of units and their motive power.*

A plan showing the new arrangement of CO₂ piping should be furnished and, if possible, a specification giving details of the installation.

It is desired to know whether a spare brine pump is fitted and if two independent means of circulating water through the gas condensers will be provided.

It is noted that additional insulation similar to that fitted in 'S.S. DON' will be provided.

~~Return~~ plan.

~~Retain~~ copy.
