LLOYD'S REGISTER, <sup>342,</sup> Argyle Street, Glasgow.  
LONDON.

25th October, 1921.

RECD 26 OCT 1921

ANSD  
Sir,

With reference to the First Entry Report being forwarded on the Steamer "BROUGHTY" which was built by The Larne Shipbuilding & Engineering Co. and completed by Messrs. Scott & Sons of Bowling, I beg to acquaint you that on enquiry of Messrs Scott it would appear that they are <sup>not</sup> responsible for the payment of the survey fees.

In these circumstances, I shall be glad to be informed to whom the account for the fees should be rendered, and what portion of the same should be credited to the Belfast Office.

I may add that in this case the Owners desire that the vessel shall be described in the Register Book as built by The Larne S.B. & E. Co. and completed by Messrs. Scott & Sons, Bowling.

I am, Sir,  
Your obedient servant,

The Secretary,  
LONDON.
