Reference

Dear Sir

Enclosed herewith is the Electric Light Report Form for S.S. Broughty recently wired at Smiths Dock North Shields by Messrs Campbell Ischerwood & Co. This vessel was built in 1920 before the present electrical Rules were in force, the material for the electrical installation was purchased at the time the vessel was built and was stored until fitted. The foregoing will account for several omissions on the Report Form.

I am Dear Sir

The Secretary
London.

Yours faithfully
W.T. Badger.
