S. S. "CABLE ENTERPRISE".

Dear Sir,

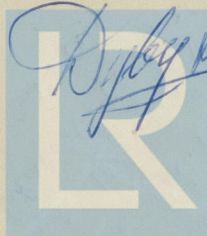

This Vessel is laid up at Plymouth with surveys overdue and I am writing on behalf of the Owners to ask what are the Committee's minimum requirements to enable a load line certificate to be issued for the voyage to Italy under her own steam. Any surveys for reinstatement in class could be carried out on arrival.

I conclude a boiler survey, and examination in dry dock and the acceptance of the essential machinery under working conditions is all that would be required.

Yours faithfully,

The Secretary,  
Lloyd's Register of Shipping.  
LONDON.
