To the Secretary,
Lloyd's Register of Shipping,
71 Fenchurch Street,
London, E.C.3.

Dear Sir,

m.s. "Berny" ex. "Bergö".

When the above vessel was built in 1950 she was strengthened for navigation in ice and this is also stated in the Register Book 1952-53. The vessel's new classification certificate issued 6th November 1956 No 29278 does not mention anything about the vessel being strengthened for navigation in ice. Consequently we have now been charged Finnish Ice Duties according to the ice-class IIA instead of IC which was formerly the vessel's ice-class. Can you send us a separate certificate showing that the vessel is strengthened for navigation in ice or what do you suggest us to do in this matter.

Yours faithfully,

REDERIAKTIEBOLAGET SALLY
