Dear Sirs,

M.S. "BRITISH MERIT"

With reference to your letter of the 22nd October and previous correspondence, it is concluded that this ship is still laid up at Portland but your confirmation on this point would be appreciated.

I take this opportunity to remind you that to complete the Auxiliary Boiler Survey, which was partly held in November, 1959, and to entitle the ship to the notation ABS 11.59 the safety valves remain to be adjusted under steam, also the oil fuel burning appliances and remote controls require to be examined.

Yours faithfully,

Clerk to the  
Classification Committee.
