

of Rotterdam.

23rd of July 1918.

Adriaan Bylo

Messrs Wilton, s Engineering & Slipway Co attend at their yard
to examine a quantity of steel to be used in their Yard No 268.
From the sectional material samples have been taken for test
pieces in accordance with Secretary's letter of 14-3-16 in the
case of the motor vessel "Pondrecht" and the tensile temper and
cold bend tests proved to comply with the Society's Rules.
From the plates tensile temper and cold bend tests have been
taken from every plate out of each batch of ten plates and bend
tests of different shearings as set forth in Secretary's letter
of 16-3-17 and the material proved to comply with the Society's
Rules and has been marked
