Collingwood Buildings, Newcastle-on-Tyne.

16th July, 1924.

Reference

My dear Lawrence,

With reference to yours of the 14th instant, regarding the plans of Stewart Davits approved for Messrs. Hawthorn Leslie & Co's 528 - s.s. "BADURPUR", I have made enquiries and looked round the Office but cannot find any trace of the plans having been received here.

The London letter of the 25th November addressed to Stewart Davits, mentions one set of the plans as having been sent to Manchester but also refers to another set being retained in your Office for reference. This fact, I presume, has not escaped your notice. I also assume that you have been in communication with Manchester regarding the missing set, although this is not definitely stated in your note.

I am sorry that it does not appear possible for us to help you in the matter and with kind regards.

Yours sincerely,

S. Lawrence Esq.,  
London.
