Dear Sir,

RE "BEN DEARG".

*Jul 30.4. Down 25.4*

In answer to yours of 16th April 1951, I have to say that the Condenser Door has been already fitted but the new Windlass is not yet completed at the State Engineering Works.

When it is completed, I will embody both items in a Report if this meets with your approval.

RE REPORT NO.2547 - "PURNEA".

*HM.17.5.*

*Mel. 155.*

In answer to your letter of 5th April 1951, I have to say that in my opinion the examination of No.7 D.B. Tank of this vessel which I made in January 1951, can be credited towards the Special Survey due 6-50 if the Owners so desire.

Yours faithfully,

*Wm. G. Davies.*
