12th September, 1950.

S. Dear Sir,

T.S.M.S. "ATALANTA"

With reference to your report No.32 on the Auxiliary Engine No.H.2960 made by Messrs. Maschinen Fabr.Augsburg-Nuremburg, I shall be glad if you will forward particulars of the dynamic system for information in calculating the torsional vibration characteristics in this office.

Yours faithfully,

H.K.Schneider, Esq.,
AUGSBURG.

Assistant Clerk to
the Classification Committee.
