Enclosure

10th May, 1946.

Dear Sir,

I have to inform you that Glasgow Report No.70619 on the motor vessel "EMPIRE GRENADA" has received the consideration of the Committee today, and that this vessel has been classed 100A1 with records and notations as recommended.

I enclose Belfast Report No.14083 on the Boilers Nos. 60 8460 made by Messrs. Harland & Wolff, Ltd., Belfast and I shall be glad if you can arrange for the particulars omitted from these reports to be supplied. While the Boilers were made in Belfast, it is thought that the safety valves etc were fitted at Glasgow. If you are unable to complete these reports at your port, I shall be glad if you will forward the reports to Belfast for this purpose.

Yours faithfully,

The Secretary,

GLASGOW.

Clerk to the
Classification Committee.
