9th December, 1955.

Classn(S)

Dear Sir,

Tug "BRIGADIER"

I duly received your letter of the 2nd instant regarding the oil gland fitted to the tailshaft of the above vessel and the Greenock Surveyors now inform me that the Newark oil gland was removed and the present unapproved type was fitted at a drydocking in Port Glasgow on the 24th July, 1955.

No Surveyor was present at that time, as we were not aware that the drydocking and change of oil gland was to be carried out.

Y^{rs} faithfully,

Phyllis
Secretary to the
Scottish Committee.

The Secretary,
LONDON.
