Dear Sir,

E. I am duly in receipt of Mr. Heck's letter of the 27th ultimo, respecting the refrigerating installations on board the s.s. "AMAPALA", "ATLANTIDA", "GRANADA" and "GATUN", and have to acquaint you that the remarks contained therein have been carefully noted.

In the circumstances a notation of "Lloyd's R.M.C. (with date) for 50° F" without the word "Experimental" may be assigned in these cases.

*He is informed that the case is experimental as in previous similar cases.*
