T/T "BANK" ex "RED BANK"

ase confirm a press report that
hip, which arrived Spezia
January, has been sold to
eakers.

The Owners now request that the boiler survey
which is due at the end of this month, may be postponed
so that the ship can be delivered at Italy before the end
of January, 1960 without carrying out a boiler survey.

The ship is lying in this port since November been used as a school ship and the Owners inform us that the boiler was completely overhauled beforehand.
