1st February 1917.

Dear Sirs,

With reference to your letter of the 29th ultimo respecting the S.S. "LEELEE" and "LUTONA" (Messrs. Rennie Forrestt Shipbuilding Co's Nos. 1269 and 1270 vessels), I have pleasure in stating that no objection will be taken to the inner surface of the plating in way of the hold of these vessels being coated as proposed and as in the case of the S.S. "CRISTO", subject to an examination of the same being made within 6 months from the completion of the vessels.

I am, Dear Sirs,

Yours faithfully,

Secretary.
