ANSD.....

Dear Sir,

s.s. "ARIETTA".

We thank you for your letter of the 10th instant enclosing two certificates for Hull and Machinery, from which we see as regards Hull that 60 fathoms of Chain Cable are to be supplied at the earliest opportunity.

Please note that these 60 fathoms of Cable Chain have already been supplied to the vessel and connected to the existing cables and the Certificate of test has been endorsed by your Surveyor at Rotterdam.

As regards the Machinery Certificate in addition to the Survey in one of the main boilers, a new bronze propeller was fitted and the tail shaft was transported to the Works for proper fitting to the new propeller.

We understand that the shaft has been examined but no mention is being made of the fact in your Certificate.

We shall be glad, therefore, to hear further from you on this matter.

Yours faithfully,  
for S. LIVANOS & CO. LTD.,  
(As Agents)
