

28th July, 1949

S. Livanos & Company
52 Broadway
New York 4, New York

Attention: Mr. G. Bookis

S.S. "ARIETTA"

Dear Sirs:

We have your letter of 24th instant regarding your statement that a certificate for the Annual Boiler Inspection of the above named vessel, when she was recently in Baltimore, had not been received by you.

I have to advise that a certificate in duplicate was issued and sent to your agents, the Terminal Shipping Company, at this port. However, I have to state that as a complete machinery Special Survey was carried out and as this includes boilers, a separate certificate for boilers is not necessary. I enclose herewith a copy of the certificate which was issued.

Yours very truly,

W. H. S. L.
