Enclosure

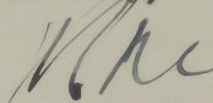

28th June, 1948.

Dear Mr. Betts,

The certificate for the motorship "DARA" has been sent to Glasgow today with a conclusion to the effect that the fan motors have been constructed and tested in accordance with the Rules, but that they should satisfy themselves in this respect.

As desired, I return herewith the London Report for the addition of the Builders' signature and perhaps you will send this back as soon as possible so that it may be forwarded to the Glasgow Surveyors.

Yours sincerely,

N. W. Betts, Esq.,
