Dear Sirs,

M.S. "DURBAN CASTLE"

With reference to your letter of the 15th November and subsequent correspondence, I shall be glad to learn what arrangements have been made for the Starboard Screwshaft Survey to be carried out.

To complete the Auxiliary Boiler Survey, due at the end of September and partly held in August, the Oil Fired Auxiliary Boiler remains to be examined throughout together with the safety valves and mountings and the safety valves adjusted under steam. Your intentions regarding the completion of this survey will also be appreciated.

Yours faithfully,

Clerk to the  
Classification Committee.
