LLOYD'S REGISTER OF SHIPPING D.60890.

Port LONDON

11th August, 1958.

This is to Certify that

J. TODD & J. H. GREENHALGH.

the undersigned Surveyor to this Society did at the request of

Messrs. Rye-Arc. Ltd., attend at their works at Silvertown, North Woolwich Road, London, E.16 on the 7th February, 1958, and subsequent dates, for the purpose of examining One "Fort" and "Liberty" type rudder.

The Rudder has been made in accordance with the approved plan, Drawing No. B5197/2, examined during the course of construction and the materials throughout are satisfactory.

The rudder mainpiece is made of Siemens Martin tested ingot steel (see Sunderland Forging Certificate No. 8969).

The rudder is made of Lloyd's Tested steel plates, using approved welding Electrodes.

For identification purposes the Rudder has been stamped:

LLOYD'S TEST.
5 lbs. Air.
7.8.58.
J.H.G.

J. H. Greenhalgh

Fee £15. 15s. 0d.

Exps. £1. 0s. 0d.

Surveyor to Lloyd's Register of Shipping. J. H. GREENHALGH.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:—
"While the Committees of the Society use their best endeavours to ensure that the functions of the Society are properly executed, it is to be understood that neither the Society nor any Member of any of its Committees is under any circumstances whatever to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error of judgment, default or negligence of any of its Committees or any Member thereof, or the Surveyors, or other Officers or Agents of the Society."
