71, Fenchurch Street, E.C. 3.

19th October, 1920.

Dear Sir,

With reference to Glasgow report No.40372 on the steamer "LALANDE" it is concluded that a webframe is fitted in the forward deep tank or oil bunker, as shewn on the approved plan, but I shall be obliged if you will ascertain from the Surveyors and let me know whether this is so.

I am, Dear Sir,

Yours faithfully,

Secretary.

The Secretary,

GLASGOW.
