

2 MAR 1960

Received by Chief Ship Surveyor .....

Received from Chief Ship Surveyor .....

SHIP'S NAME "CAMPANIA"

REPORT

Gen.

No. 24744

The remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.

(The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement.—Extract from Sub-Committee's Report, 24/5/62.)

This ship was last examined in dry dock 5,57.

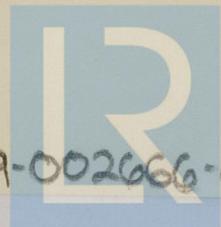

Ship has been laid up at Genoa for <sup>nearly</sup> ~~over two~~ years and the Owners have previously stated that all outstanding surveys will be carried out before the ship proceeds to sea.

The GENOA Surveyors report (1,60), ship examined afloat following suspected contact damage - this was of a very minor nature and does not affect classification.

IT IS SUBMITTED the ship is eligible to remain as classed.

Ship continues to be laid up at Genoa.
