LUIGI PITTALUGA

Genoa, 29th November, 1951.

Dear Sirs,

s.s. "CAMPANIA"

The above Vessel has been at Genoa since the 14th inst. for completion of Classification Survey, and would have been ready to sail several days ago had we been successful in obtaining a dry dock either at Genoa, Spezia, Leghorn or Marseilles.

As the Vessel has been chartered for some time with a contract which is about to expire, it is not possible to further delay her departure. We therefore hereby request that you kindly grant us a postponement of at least 4 months to place the Vessel in dry dock for her definite classification in the Register Book. The above period of time is necessary for effecting the voyage which the Vessel is about to start.

Trusting our request will receive favourable consideration, and thanking you in anticipation.

Yours faithfully,  
(Sgd) DITTA LUIGI PITTA-
