Classn. (H)

Dear Sirs,

S.S. "ELORRIO"

With reference to my cablegram of the 9th August and previous correspondence, also your report No. 2894, I shall be glad to learn as soon as possible what is the present position regarding the Special Survey, due at the end of November, and the renewal of all water tube headers in the Main Boilers, the refit of feed water regulators to each boiler and the examination of the repairs to the water end casting of the port aft independent feed pump.

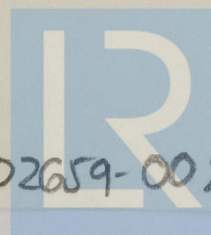

It is concluded that the complete Main Boiler Survey, which became due at the end of last September, will also be held when the above mentioned conditions of class receive attention.

Yours faithfully,

c.c. Madrid

Clerk to the  
Classification Committee.

The Surveyors,  
BILBAO.
