Report

GlNo. 33658**For the CHIEF SHIP SURVEYOR and CHIEF ENGINEER SURVEYOR.**

(In cases which have to be submitted to the Classing Committee "the endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case so that the Classing Committee may have all the salient points presented in the endorsement."—Extract from Sub-Committee's Report, 24/5/02.)

It is concluded the particulars of the meeting of the hulls of 7 strake as given in the report are intended to apply to the sheer or 8 strake of plating, & that the hulls of the former strake are triple overlapped for $\frac{1}{2}$ L and ship but the Surveyors should state if this is so.
