

COPY.

Lloyd's Register of Shipping,

71, Fenchurch Street, E.C. 3.

2 Enclosures.

23rd June, 1931.

Dear Sir,

M. With reference to previous correspondence relative to the freeboards to be assigned under the U.S. Regulations in the case of the s.s. "PAN BOLIVAR", I now send herewith a copy of the computation, together with a copy of the midship section plan of this vessel.

At the same time I have to inform you that, for the purpose of obtaining the fresh water allowance under the above-mentioned Regulations, the displacement and tons per inch immersion at 28 and 29 feet moulded draught respectively are 19901 and 64.18 tons and 20672 and 64.43 tons.

I am, Dear Sir,

Yours faithfully,

Secretary.

James French, Esq.,
NEW YORK.
