Classn. (H)

Dear Sirs,

m.s. "CORILLA"

I have your letter of the 18th November, the contents of which have been noted, and conclude that the new Owners are aware of the pre-drilling survey results set forth in my letter and enclosure of the 8th April, and of the fact that the Special Survey will become due at the end of December, but I shall be glad to receive your confirmation on this point.

The rudder axle post, corroded requires to be examined and dealt with before the end of December and the Auxiliary Boiler Survey and Screw-shaft Survey become due at the end of January.

It is also concluded that a copy of Singapore Harbour Board's Drawing No.R/1456, indicating the renewals necessary at the Special Survey is on board, but your confirmation on this point will also be appreciated.

Yours faithfully,

Clerk to the
Classification Committee.

The Surveyors,
SINGAPORE.
