Dear Sirs,

"AUGUSTENBURG"

Enclosed is a copy of a letter sent to London concerning the No.1 and 2 units of the port and starboard main engines of the above vessel.

These four units remain outstanding to complete the continuous survey cycle.

From the survey book it appears that these items were surveyed in your port May/June 1961.

In the event of this being correct it is assumed that London will be pleased to have your confirmation.

We trust you will give this matter your usual good attention.

Yours faithfully,
The Surveyors,
Per:-
